You must provide copies of all year-end OEM statements or similar documents showing the number of vehicles purchased or your claim will be invalid.

NUMBER OF PARTS PURCHASED

The amount a dealership may be entitled to under these Settlements for replacement parts will depend on the number of parts or vehicles purchased during the relevant period.

You may show how many relevant parts your dealership(s) purchased from 1996 to 2017 by using the number of vehicles purchased as a substitute for providing the actual invoices for your purchase of those parts.

I choose to use the number of vehicles purchased to document the number of parts purchased

Alternatively, you may show how many relevant parts your dealership(s) purchased from 1996 to 2017 by submitting the actual invoices for your purchase of those parts.

I choose to submit parts invoices to document the number of parts purchased

If you choose to submit parts invoices, you must provide copies of all invoices or documents showing the number of relevant parts purchased or your claim will be invalid. Your OEM statements will remain confidential. You may redact or remove financial information other than the number of vehicles purchased.

The Court issued an Order, signed on August 21, 2017, that allows multi-state dealerships to supplement claim information for the Automotive Parts Antitrust Litigation - Dealership Action Settlement. The full text of the Order is available on our website.

Covered States: Arizona, Arkansas, California, Florida, Hawaii, Illinois, Iowa, Kansas, Maine, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Mexico, New York, North Carolina, North Dakota, Oregon, South Carolina, South Dakota, Tennessee, Utah, Vermont, West Virginia, Wisconsin, and the District of Columbia

Non-Covered States: Alabama, Alaska, Colorado, Connecticut, Delaware, Georgia, Idaho, Indiana, Kentucky, Louisiana, Maryland, New Jersey, Ohio, Oklahoma, Pennsylvania, Rhode Island, Texas, Virginia, Washington, Wyoming, and Puerto Rico

1. Dealership groups headquartered in a Covered State.

A Dealership group ("Group") that has its headquarters located in a Covered State may supplement its claim to add vehicles and parts acquired or sold in a Non-Covered State if: the Group maintained a centralized headquarters that provided direct financing for vehicles and parts, maintained the liability for non-payment to an OEM, controlled many aspects of the dealership operations, and was liable for the losses of dealerships located in Non-Covered States.

If your Group would like to supplement its claim to add vehicles and parts for dealerships located in one or more Non-Covered States, you must provide: (1) the location of the Group Headquarters, (2) the name, location, and dealer numbers of Dealerships located in the Non-Covered States, (3) information about how the Group acquired, financed, purchased, and sold the new vehicles and parts covered by these Settlements, (4) the number of additional new vehicles and parts being claimed for each Dealership in a Non-Covered State, and (5) the backup documentation for the new vehicles and parts being claimed for each Dealership in a Non-Covered State. If the above applies to your claim, you must provide the requested information with your claims submission.

2. Dealership groups headquartered in a Non-Covered State.
